Portfolio

Graphic Designer

Anano Kandelaki

I am a graphic designer and social media manager with experience since 2019. Over the years, I have worked on a variety of projects, honing my skills in design and digital marketing.In 2022, I expanded my expertise by learning WordPress web development. I am always eager to learn new skills and gain new experiences to stay ahead in the industry.

Branding For SafeOn

The project required creating a workplace safety brand identity that combines a thematic safety symbol with the company name. Blue was specified as the dominant color to convey trust and reliability. This is only a small portion of the visual material from the project.

Types of logos
